Automate your billing and payment collection process with smart alerts. Send timely reminders for pending payments and keep your records updated without manual chasing. Improve cash flow and reduce missed or delayed payments effortlessly. Keep your finances smooth and stress-free.

Create AMC Quotations

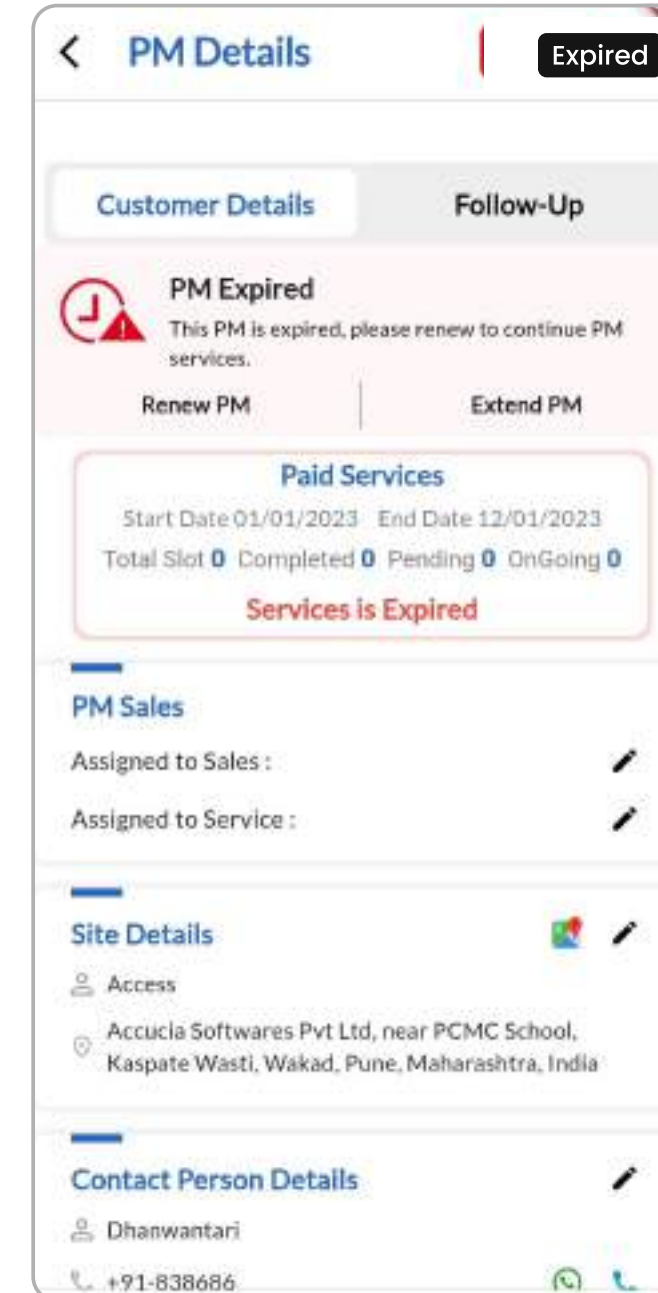

The PM Inspection Form interface shows a progress bar at the top with four steps: Firm Details, Elevator Details, PM Inspection Form (current), and PM Specification. Below the progress bar, there are tabs for Firm Details, Elevator Details, PM Inspection Form, and PM Specification. The main section is titled 'Condition' and contains a table with columns: Part/Component, Good, Avg., Bad, and Description. The table lists four components: ARD System, Alarm system, Lift Cartop and Cabin, and Machine Room. Each component has checkboxes for 'Good', 'Avg.', and 'Bad' conditions. Below the table, there is a 'Note' section with a text input field and a microphone icon. At the bottom, there is a 'Photos(Max 5)' section with a plus icon and two photo thumbnails. A blue 'Submit' button is at the very bottom.

Track PM Slots

The Predictive Maintenance interface shows a search bar at the top with the text 'Search PM's by Contact Person'. Below the search bar, there are tabs for 'Services' and 'Sales'. The main section displays a list of PM slots. Each slot includes a date range (e.g., '01 May to 15 May'), a status (e.g., 'Pending'), and a list of details: Started date, Site name, Location, End Date, Lift type, Wing Name, Lift Name, Firm Name, and Contact Person. There are buttons for 'Call', 'Whatsapp', and 'View Quotation'. At the bottom, there is a '+ Create PM' button. The interface also shows a 'Pending' status on the left side.

Expiring AMC Reminders

The PM Details interface shows a back arrow and a title 'PM Details'. There is a red 'Expired' badge at the top right. Below the title, there are tabs for 'Customer Details' and 'Follow-Up'. The main section displays a 'PM Expired' warning with a red clock icon and the text 'This PM is expired, please renew to continue PM services.' Below this, there are buttons for 'Renew PM' and 'Extend PM'. A 'Paid Services' section shows the start and end dates of the service and a summary of the total slot, completed, pending, and ongoing slots. Below this, there is a 'Services is Expired' warning. The interface also shows 'PM Sales' with fields for 'Assigned to Sales' and 'Assigned to Service'. At the bottom, there is a 'Site Details' section with a location pin icon and the text 'Access: Accucia Softwares Pvt Ltd, near PCMC School, Kaspate Wasti, Wakad, Pune, Maharashtra, India'. Finally, there is a 'Contact Person Details' section with a person icon and the text 'Dhanwantari' and '+91-838686'.

Ensure every lift is maintained on schedule with automatic AMC and PM alerts. Avoid missed contracts, improve service reliability, and extend equipment life. Track service history, schedule visits, and get reminders well in advance. Strengthen client trust through proactive maintenance.
